JOIN US in this Enriching Children's Ministry Course

ICMS is a four-month course tailored for both international and local participants, especially those in leadership roles who are enthusiastic about ministering to children. With a comprehensive curriculum that combines lectures on various topics with practical experience in children's ministry, this programme provides an in-depth exploration of this essential area of service. Additionally, accommodation is conveniently arranged for international students, with options available for local students upon request. Not only will you gain ministry knowledge, but you will also experience transformative personal growth through engagement with the material and hands-on practical engagement.

“

This course has been life-changing for me. I gained valuable knowledge, but more importantly, it transformed my heart and strengthened my faith! -Sunil

”

The course was more than an amazing learning experience. It was a blessing to learn from and walk alongside people who genuinely live what they teach! -Leiyaton
